- ii) **GENERAL RESERVE**
The directors also proposed / approved transfer of Rs 130 million from un-appropriated profits to general reserve.

OUTLOOK FOR 2018-19

The Company operates in a highly competitive industry, where excess capacity exists. The Company anticipates pressure on margins due to intense competition from existing players and new entrants in the industry, increasing input costs due to continued devaluation of rupee and rising inflation rate. However, the Management is taking all possible measures to combat these challenges and are hopeful to maintain growth momentum to continue in 2018-19.

New Formaldehyde Plant having annual capacity of 50,000 M.T has successfully been installed and commercial production is expected to commence in October, 2018. During the year capacity of Urea Formaldehyde Moulding Compound (UFMC) has already been enhanced from 4,800 M.T to 7,000 M.T. Company expects that these enhanced capacities (UFMC & Formaldehyde) will generate additional revenue/profit.

INTERNAL FINANCIAL CONTROLS

The company maintains a system of internal control and procedures designed to ensure reliable and transparent financial reporting and disclosures. Internal Financial Controls are

periodically reviewed to ensure these remain effective and are updated with changing laws and regulations. Internal Audit department monitors the compliance of internal controls. Through discussions with auditors (both internal and external), they confirm that adequate controls have been implemented by the Company.

PRINCIPAL RISKS AND UNCERTAINTIES

Despite the fact that the Company's financial performance was consistently exceptional during the last two years, still Company is exposed to certain inherent risks and uncertainties like competition, adverse decision of Supreme Court of Pakistan on Vend and Permit Fee case, fluctuation in exchange rate, adverse interest rate, inconsistent Government regulations, taxes, policies etc that may have an impact on the future financial statements of the Company.

The Management periodically reviews major financial and operating risks faced by the business. Company works with internal and external stakeholders to mitigate the likely impacts of aforesaid risks.

RELATED PARTY TRANSACTIONS

All transactions with related parties have been carried out in normal course of business at arm's length and have been disclosed in the financial statements under relevant notes.

Review Report to the Members on Statement of Compliance with Code of Corporate Governance

To the members of Wah Nobel Chemical Limited

Review report on the Statement of Compliance in Listed Companies (Code of Corporate Governance) Regulations, 2017

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2017 (the Regulations) prepared by the Board of Directors of Wah Nobel Chemical Limited for the year ended 30 June 2018 in accordance with the requirements of regulation 40 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried procedures to access and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2018.

Further, we highlighted below instance of non-compliance with the requirement of the Code as reflected in the note references where this is stated in the Statement of Compliance.

- i) As disclosed in para 2 of the Statement of Compliance, currently, there is no independent director on the Board.

Independent Auditor's Report

To the members of Wah Nobel Chemicals Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Wah Nobel Chemicals Limited (the Company), which comprise the statement of financial position as at 30 June 2018, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2018 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 18.1.2 to the financial statements, which describes the uncertainty relating to the outcome of pending lawsuit relating to non-payment of vend and permit fee on methanol to the Excise and Taxation Department, Government of Sindh. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

S. No.	Key audit matters	How the matter was addressed in our audit
1	<p>Revenue recognition</p> <p>Refer notes 3.11 to the financial statements.</p> <p>The Company recognized revenue from the sale of Urea Formaldehyde Moulding Compound, Formaldehyde and Formaldehyde based liquid resins of Rs. 1.68 billion for the year ended 30 June 2018.</p> <p>We identified the recognition of revenue as a key audit matter because revenue is one of the key performance indicators of the Company and gives rise to an inherent risk that revenue could be subject to misstatement to meet expectations or targets.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> Obtaining an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue; Comparing a sample of sales transactions recorded during the year with sales invoices, delivery documents and other relevant underlying documents; Comparing a sample of sales transactions recorded before and after the reporting date with the sales invoices, delivery documents and other relevant underlying documentation to assess if the related revenue was recorded in the appropriate accounting period; and Comparing non-routine journal entries posted to revenue accounts during the year, if any, with the relevant underlying documentation.
2	<p>Recoverability of trade debts</p> <p>Refer notes 7 and 29.4 to the financial statements.</p> <p>As at 30 June 2018, the Company's gross trade debtors were Rs. 522.7 million against which allowances for doubtful debts of Rs. 80.2 million have been recorded.</p> <p>We identified the recoverability of trade debtors as a key audit matter because it involves significant management judgment in determining the recoverable amount.</p>	<p>Our audit procedures to assess the valuation of trade debts included the following:</p> <ul style="list-style-type: none"> Obtaining an understanding of and testing the design and implementation of management's key internal controls relating to credit control, debt collection and making allowances for doubtful debts; testing, on a sample basis, whether items in the trade debtors' ageing report were classified within the appropriate ageing bracket by comparing individual items in the report with underlying documentations; testing the assumptions made by the management for the allowances for doubtful debts; Comparing, on a sample basis, cash receipts from customers subsequent to the financial year end from trade debtor balances existing as at 30 June 2018 with bank statements and relevant remittance documentation; and Assessing the historical accuracy of management's process for making allowances for doubtful debts by examining the utilization or release of allowances recorded in earlier periods and new allowances made in the current year in respect of trade debtors as at 30 June 2018.

S. No.	Key audit matters	How the matter was addressed in our audit
3	<p>Advance tax</p> <p>Refer note 10 to the financial statements.</p> <p>As at 30 June 2018, the Company has net income tax refundable from tax authorities amounting to Rs. 159 million. The tax refundable has arisen mainly due to excess of deduction.</p> <p>We considered the matter as key audit matter due to significant amounts involved and significant judgements made by management in relation to the recoverability of advance tax.</p>	<p>Our audit procedures in relation to the matter included:</p> <ul style="list-style-type: none"> Consulting our internal tax specialist to assess the reasonableness of management's conclusions on recoverability of income tax refundable; Obtaining and reviewing details of significant pending tax matters and discussed the same with Company's management; Comparing refund applications filed for refund for advance tax relating to preceding years with the amounts recorded in the financial statements; Reviewing correspondence with tax authorities to identify any pending taxation matters relating to the years to which the refund relates; and testing, on a sample basis, whether advance tax paid is in accordance with the Income Tax Ordinance, 2001 and amounts recorded in the books of account are supported by underlying documentations.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. Other information comprises the information included in the annual report for the year ended 30 June 2018, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the

disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) Proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Atif Zamurrad Malik.

- The Company's manufacturing facilities are on lease hold land (Lease from Cantonment Board Wah Cantt) whose area is ten acres.

1.2 Summary of significant events and transactions in the current reporting period:

- The Company enhanced its Urea Formaldehyde Moulding Compound Plant's capacity from 4,800 MT to 7,000 MT during the year.
- New Formaldehyde plant of 50,000 MT per annum capacity is likely to commence commercial production in October 2018.
- Declared dividend amounting to Rs. 54 million during the year.
- Due to the first time application of financial reporting requirements under the Companies Act, 2017, including disclosure and presentation requirements of the fourth schedule of the Companies Act, 2017, some of the amounts reported for the previous period have been represented. (please refer to note 38).

2 Basis of preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 and provisions of and directives issued under the Companies Act, 2017. Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

These financial statements have been prepared under historical cost convention, except for obligations under certain employee benefit have been measured at value determined by actuary.

2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupee ("rupee"), which is the Company's functional currency. All financial information presented in rupee has been rounded off to the nearest of rupee, unless otherwise stated.

Notes to the Financial Statements

for the year ended June 30, 2018

2.4 Use of estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgment about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgments made by the management in the application of approved accounting standards that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in the ensuing paragraphs.

2.4.1 Property, plant and equipment

The Company reviews the residual values and useful lives of property, plant and equipment on regular basis. Further where applicable, an estimate of recoverable amount of assets is made for possible impairment on an annual basis. Any change in such estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with corresponding effect on the depreciation charge, impairment and related deferred tax liability.

2.4.2 Provision for inventory obsolescence

The Company reviews the carrying value of stores, spare parts and loose tools and stock in trade for possible impairment on an annual basis. Any change in estimate in future years might affect the carrying amounts of the respective items of stores, spares and loose tools and stock in trade with a corresponding effect on the provision. Net realizable value is determined with reference to estimated selling price less estimated cost of completion and estimated expenditure to make the sales.

2.4.3 Provision for doubtful receivables and advances

The carrying amounts of trade and other receivables and advances are assessed on a regular basis and if there is any doubt about the realisability of these receivables and advances, appropriate provision is made.

2.4.4 Taxation

The Company takes into account the current income tax laws and decisions taken by the taxation authorities. Instances where the Company's view differs from the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

2.4.5 Provisions and contingencies

A provision is recognized, as a result of past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at pre-tax rate that reflects the current market assessments of the time value of money and the risk specific to the liability. The un-winding of discount is recognized as finance cost, if any.

Where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation can not be measured with sufficient reliability, it is disclosed as contingent liability.

Notes to the Financial Statements

for the year ended June 30, 2018

2.4.6 Employee benefit costs

Defined benefit plan and compensated absences are provided for employees of the Company. The plan is structured as separate legal entity managed by trustees, however for compensated absences liability is recognized in the Company's financial statements. These benefits are evaluated with reference to uncertain events and are based upon actuarial assumptions which includes discount rate, expected rate of return on plan assets, expected rate of salary increase and mortality rates. The actuarial valuations are conducted by independent actuaries on annual basis. Calculations are sensitive to change in underlying assumptions.

2.4.7 Impairment

2.4.7.1 Impairment of financial assets

In making an estimate of future cash flows of the Company's financial assets, the management considers estimated cash flows and their terminal value for impairment testing.

2.4.7.2 Impairment of non-financial assets

The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated using criteria given in respective accounting standards to determine the extent of impairment loss, if any.

2.5 Standards, interpretations and amendments to approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after July 01 2018:

Classification and Measurement of Share-based Payment Transactions - amendments to IFRS 2 clarify the accounting for certain types of arrangements and are effective for annual periods beginning on or after January 1, 2018. The amendments cover three accounting areas (a) measurement of cash-settled share-based payments; (b) classification of share-based payments settled net of tax withholdings; and (c) accounting for a modification of a share-based payment from cash-settled to equity-settled. The new requirements could affect the classification and/or measurement of these arrangements and potentially the timing and amount of expense recognized for new and outstanding awards. The amendments are not likely to have an impact on Company's financial statements.

Transfers of Investment Property (Amendments to IAS 40 'Investment Property' effective for annual periods beginning on or after January 1, 2018) clarifies that an entity shall transfer a property to, or from, investment property when, and only when there is a change in use. A change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. In isolation, a change in management's intentions for the use of a property does not provide evidence of a change in use. The amendments are not likely to have an impact on Company's financial statements.

Annual Improvements to IFRSs 2014-2016 Cycle [Amendments to IAS 28 'Investments in Associates and Joint Ventures'] (effective for annual periods beginning on or after January 1, 2018) clarifies that a venture capital organization and other similar entities may elect to measure investments in associates and joint ventures at fair value through profit or loss, for each associate or joint venture separately at the time of initial recognition of investment. Furthermore, similar election is available to non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture. The amendments are not likely to have an impact on Company's financial statements.

Notes to the Financial Statements

for the year ended June 30, 2018

IFRIC 22 'Foreign Currency Transactions and Advance Consideration' (effective for annual periods beginning on or after January 1, 2018) clarifies which date should be used for translation when a foreign currency transaction involves payment or receipt in advance of the item it relates to. The related item is translated using the exchange rate on the date the advance foreign currency is received or paid and the prepayment or deferred income is recognized. The date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) would remain the date on which receipt of payment from advance consideration was recognized. If there are multiple payments or receipts in advance, the entity shall determine a date of the transaction for each payment or receipt of advance consideration. The Company is currently assessing the impact of the IFRIC 22 on its financial statements, if any.

IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after January 1 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The Company is currently assessing the impact of the IFRIC 23 on its financial statements, if any.

IFRS 15 'Revenue from contracts with customers' (effective for annual periods beginning on or after July 1, 2018). IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It replaces existing revenue recognition guidance, including IAS 18 'Revenue', IAS 11 'Construction Contracts' and IFRIC 13 'Customer Loyalty Programmes'. The Company is currently in the process of analysing the potential impact of changes required in revenue recognition policies on adoption of the standard.

IFRS 9 'Financial Instruments' and amendment – Prepayment Features with Negative Compensation (effective for annual periods beginning on or after July 1, 2018 and January 1, 2019 respectively). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The Company is currently in the process of analysing the potential impact of changes required in classification and measurement of financial instruments and the impact of expected loss model on adoption of the standard.

IFRS 16 'Leases' (effective for annual period beginning on or after January 1, 2019). IFRS 16 replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases- Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. The amendments are not likely to have an impact on Company's financial statements.

Amendment to IAS 28 'Investments in Associates and Joint Ventures' - Long Term Interests in Associates and Joint Ventures (effective for annual period beginning on or after January 1, 2019). The amendment will affect companies that finance such entities with preference shares or with loans for which repayment is not expected in the foreseeable future (referred to as long-term interests or 'LTI'). The amendment and accompanying example state that LTI are in the scope of both IFRS 9 and IAS 28 and explain the annual sequence in which both standards are to be applied. The amendments are not likely to have an impact on Company's financial statements.

Amendments to IAS 19 'Employee Benefits'- Plan Amendment, Curtailment or Settlement (effective for annual periods beginning on or after January 1, 2019). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, a company now uses updated actuarial assumptions to determine its current service cost and net interest for the period; and the effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income. The application of amendments is not likely to have an impact on Company's financial statements.

Notes to the Financial Statements

for the year ended June 30, 2018

Amendment to IFRS 4 'Insurance Contracts' - Applying IFRS 9 'Financial Instruments' with IFRS 4 (effective for annual periods beginning on or after July 1, 2018). The amendment address issue arising from the different effective dates of IFRS 9 and the forthcoming new standard IFRS 17 'Insurance Contracts'. The amendments introduce two alternative options for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from July 1, 2018 onwards to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied. The application of amendments is not likely to have an impact on Company's financial statements.

Annual Improvements to IFRS Standards 2015–2017 Cycle - the improvements address amendments to following approved accounting standards:

- IFRS 3 'Business Combinations' and IFRS 11 'Joint Arrangement' - the amendment aims to clarify the accounting treatment when a company increases its interest in a joint operation that meets the definition of a business. A company re-measures its previously held interest in a joint operation when it obtains control of the business. A company does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.

- IAS 12 'Income Taxes' - the amendment clarifies that all income tax consequences of dividends (including payments on financial instruments classified as equity) are recognized consistently with the transaction that generates the distributable profits.

- IAS 23 'Borrowing Costs' - the amendment clarifies that a company treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above amendments are effective from annual period beginning on or after January 1, 2019 and are not likely to have an impact on Company's financial statements.

3 Summary of significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements except for the changes as indicated below:

- Amendments to IAS 7 'Statement of Cash Flow' became effective during the year. The amendments require disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flow and non-cash changes. Accordingly, these disclosures have been included in the note 30 to these financial statements.
- The Companies Act, 2017 specified certain disclosures to be included in the financial statements. The Company has presented the required disclosures in these financial statements and reclassified certain comparatives. However, there was no change in the reported amounts of profit and other comprehensive income and the amounts presented in the statement of financial position due to these reclassifications.

3.1 Staff retirement benefits

The Company has the following plans for its employees:

3.1.1 Defined benefit gratuity scheme

The Company maintains an unfunded gratuity scheme for all its eligible employees. The calculation of defined benefit obligations in respect of gratuity is performed annually by a qualified actuary using the projected unit current method. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

Notes to the Financial Statements

for the year ended June 30, 2018

3.1.2 *Defined contributory pension scheme*

The Company operates an approved pension scheme for its permanent employees eligible under Employees Pension Fund Rules. The Company's liability is fixed to 17% of basic salary per annum which is charged to the profit or loss of related year.

3.1.3 *Defined contributory provident fund*

The Company also operates an approved defined contributory provident fund for all eligible employees for which contributions are charged to the profit or loss.

3.1.4 *Accumulated compensated absences*

The Company provides a facility to its employees for accumulating their annual earned leaves. Accumulated compensated absences are encashable on cessation of service. Provision is made for the additional amount that the Company expects to pay as a result of unused entitlement that has accumulated at the reporting date and related expense thereof is charged to the profit or loss. The provision and related cost is recognized on the basis of actuarial valuation which is summarized in note 14.1.

3.2 **Taxation**

Taxation for the year comprises current and deferred tax. Taxation is recognized in profit or loss except to the extent that it relates to items recognized directly in equity or in other comprehensive income.

3.2.1 *Current taxation*

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account available tax credits, rebates, exemptions available and charge or reversal due to prior year, if any.

3.2.2 *Deferred taxation*

Deferred tax liability is accounted for using the balance sheet liability method on all taxable temporary differences, while deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carry forward of unused tax losses and tax credits can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the assets is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liability are offset only if there is a legally enforceable right to offset current tax assets and liabilities and they relate to the income tax levied by the same tax authority.

3.3 **Provisions**

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an out flow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. However, provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

3.4 **Dividend and appropriation to reserves**

Dividends and appropriations to the reserves are recognized in the period in which these are approved. However if these are approved after the reporting period but before the financial statements are authorized for issue they are disclosed in the notes to these financial statements.

Notes to the Financial Statements

for the year ended June 30, 2018

3.5 Property, plant and equipment

3.5.1 Owned assets

Property, plant and equipment are stated at cost less accumulated depreciation and any identified impairment loss.

Capital work in progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. These are transferred to operating fixed assets as and when these are available for use.

Depreciation is charged to profit or loss at rates given below applying the reducing balance method. The Company has a policy to depreciate the expansion in plant and machinery on written down value in proportion to utilized capacity till such time the expanded production capacity is fully utilized. Leasehold land is amortized over the period of the lease. Depreciation on additions during the year is calculated from the month of acquisition to the end of the financial year and depreciation on deletions is calculated up to the date of disposal.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized and assets so replaced, if any, are retired.

Gain/loss on disposal of property, plant and equipment is taken to profit or loss in the year of disposal.

3.5.2 Leased assets

Assets held under finance leases are initially recorded at the lower of the present value of the minimum lease payments under the lease agreements and the fair value of the leased assets. The related obligation under the lease less financial charges allocated to future periods are shown as liability and classified as current and long term depending upon the timing of payment.

The financial charges are allocated to accounting periods in a manner so as to provide a constant periodic rate of interest on the outstanding liability.

Amortization on the lease assets is charged to the profit or loss applying the rate and method used for similar owned assets so as to write off the assets over their estimated useful lives in view of certainty of ownership of the assets at the end of the lease.

3.6 Impairment

The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial asset is impaired. A financial asset or group of financial asset is deemed to be impaired, if and only if, there is objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (an incurred "lost event") and that lost event has an impact on the estimated future cash flows of the financial assets or group of financial assets that can be reliably estimated. Any impairment losses on financial assets including financial assets carried at amortized cost are recognized in profit or loss.

The Company assesses at each reporting date whether there is an indication that an asset or a group of asset is impaired. If any indication exists or when annual impairment testing for an asset is required the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less cost to sell and its value in use. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use the estimated future cash flows are discounted to their present value using a pre tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining the fair value less cost to sell an appropriate valuation model is used.

Notes to the Financial Statements

for the year ended June 30, 2018

A previously recognized impairment loss is reversed only if there has been change in assumption used to determine the assets recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset neither exceeds its recoverable amount nor exceeds the carrying amount that would have been determined net of depreciation had no impairment loss been recognized for the asset in prior year. Such reversal is recognized in profit or loss.

3.7 Stores, spares and loose tools

These are valued at lower of cost and net realizable value (NRV) less allowance for obsolete and slow moving items. Cost is determined using the weighted average method and comprise cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV signifies the estimated selling price in the ordinary course of business less costs necessarily to be incurred in order to make a sale. The Company reviews the carrying amount of stores, spares and loose tools on regular basis and provision is made for obsolescence if there is any change in usage pattern and physical form of related stores, spares and loose tools.

3.8 Stock in trade

Stock of raw material, work in process and finished goods are valued at the lower of weighted average cost and net realizable value (NRV). Cost of raw materials comprises the invoice value plus other charges paid thereon. Cost of work in process and finished goods include cost of direct materials, labour and appropriation of manufacturing overhead. NRV signifies selling price in the ordinary course of business less costs necessary to be incurred in order to make a sale.

Goods in transit are stated at cost comprising invoice value plus other charges paid thereon.

3.9 Trade debts, other receivables and other financial assets

Trade debts and other receivables are initially recognized at fair value plus any directly attributable transaction cost. Subsequent to initial recognition, these are measured at amortized cost using effective interest method, less any impairment losses. Known bad debts are written off, when identified.

3.10 Cash and cash equivalents

Cash and cash equivalents are carried in the Financial Position at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand, cash with banks on current and saving accounts and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value and bank overdrafts. In Statement of Financial Position overdrafts are shown in current liabilities while favorable balance is shown in cash and bank.

3.11 Revenue recognition

Sale is recorded on transfer of significant risks and rewards of products when the Company retains neither continuing managerial involvement to degree usually associated with ownership nor effective control, the amount of revenue can be measured reliably, it is probable that economic benefit associated with transactions will flow to the Company and cost incurred or to be incurred in respect of transaction can be measured reliably which occurs as on achievement of delivery of products to customers. Revenue from sale of products is measure at the fair value of consideration received or receivable.

Income on bank deposits is accounted for on time apportioned basis by reference to the principal outstanding and applicable rate of return. Income on investment is recorded on time proportion basis taking into account the effective yield of such securities. While dividend income is recognized when right to receive is established.

Notes to the Financial Statements

for the year ended June 30, 2018

3.12 Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction and production of qualifying asset are capitalized as part of cost of that asset up to the date of its commissioning. All other borrowing costs are charged to the profit or loss in the year when incurred as "finance cost".

3.13 Transactions with related parties

All transactions with related parties are carried out on commercial terms as approved by the Board.

3.14 Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognized at the time when the Company transfers substantially all the risks and rewards of ownership of the financial asset. If the Company neither transfers nor returns substantially all the risks and rewards of ownership of the financial asset, the principal assets are derecognized when the Company loses control of the contractual rights that comprise the financial asset and financial liability is derecognized at the time when the obligation specified in the contract is discharged or cancelled or expired. Any gain or loss on derecognizing of the financial assets and financial liabilities is taken to the profit or loss currently. All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given and received, respectively, and subsequently carried at fair value, amortized cost or cost, as the case may be.

3.14.1 Financial assets

Financial assets of the Company include held-to-maturity investment and loan and receivables.

Investment held to maturity

Investments held-to-maturity are non-derivative financial assets which carry fixed or determinable payments and fixed maturities other than loan and receivables. Investments are classified as held to maturity if the Company has the positive intention and ability to hold to maturity. The Company currently holds Term Deposits Receipts designated into this category. Held to maturity investments are measured subsequently at amortized cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

Loan and receivables

Loan and receivables include trade debts, deposits and other receivables. After initial recognition these are measured at amortized cost using the effective interest method, less provision for impairment. Discounting is omitted where the effect of discounting is immaterial.

Trade and other receivables are assessed on regular basis for impairment and if there is any doubt about the recoverability of these receivables, appropriate amount to provision is made. Balances considered bad and irrecoverable are written off against the provision. Provision for doubtful debts is charged to profit or loss currently.

3.14.2 Financial Liabilities

The Company financial liabilities include trade and other payables.

Trade and other payables include trade creditors and other payables. Subsequent to initial recognition trade and other payables are measured at amortized cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

Notes to the Financial Statements

for the year ended June 30, 2018

3.15 Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is legally enforceable right to set-off the recognized amount and the Company intends either to settle on a net basis, or to realize the assets and to settle the liabilities simultaneously.

3.16 Foreign currency transactions and translations

Foreign currency transactions are recorded at the exchange rates approximately those prevailing on the dates of transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated in rupee at the exchange rates ruling at the reporting date. Exchange differences are recognized in the profit or loss.

3.17 Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk. A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Company measures assets and long positions at a bid price and liabilities and short position at an ask price.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognised in profit or loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

18 Contingencies and commitments

18.1 Contingencies

- 18.1.1 In 1990, the Government of Sindh levied excise duty at Rs. 4 per bulk gallon on transport of imported Methanol outside the province of Sindh under the Sindh Abkari Act, 1878. The Company filed a Constitutional Petition No. D - 123/91 in the Sindh High Court that the duty was ultra vires of article 151 of the Constitution. The Court granted interim relief by permitting the Company to remove Methanol by submitting bank guarantees in lieu of payment of excise duty. Accordingly, the Company has submitted bank guarantees of Rs. 8,707,220 (2017: Rs. 8,707,220) for transport of 7,200 tons of Methanol outside Sindh.

On August 12, 2004 the Sindh High Court decided the case in favour of the Company. Excise Department Sindh has filed a leave to appeal in the Supreme Court on September 07, 2004 against the said judgment which is pending adjudication by the Supreme Court.

- 18.1.2 In 1996, the Government of Sindh raised a demand of Rs. 67,294,724 in respect of vend fee and permit fee for the years 1990-91 to 1995-96, under the Sindh Abkari Act, 1878. The Company filed Constitutional Petition No. D-1412 of 1996 dated August 20, 1996 in the Sindh High Court challenging the legality of the levy on the grounds that provincial taxation, under the Sindh Abkari Act, 1878 on imported Methanol temporarily stored in Karachi but meant for consumption outside the province of Sindh, was unlawful and ultravires of the Constitution, relying on the judgment of the Sindh High Court in the case of Crescent Board Limited. The case was decided in the favour of the Company on June 12, 2001 by the Sindh High Court, but Sindh Government moved an appeal in the Supreme Court against the decision of the Sindh High Court.

After hearing the appeal of Excise Department Sindh against the Company and other Formaldehyde manufacturers, the Supreme Court remanded the case of levy of vend fee and permit fee to the Sindh High Court for adjudication on all points of law and fact. Vide its judgment dated March 26, 2003, Sindh High Court again decided the matter in favour of the Company and other manufacturers. Excise Department filed a leave to appeal in the Supreme Court on June 12, 2003. The Court has admitted the appeal for regular hearing. The case is now awaiting adjudication by the Supreme Court.

Currently all imports of Methanol are being released on payment of Rs. 3/- per bulk gallon in cash and submission of guarantee @ Rs. 14/- per bulk gallon in the form of indemnity bonds. Accordingly, in case of an unfavorable decision of the Supreme Court, the Company is exposed to an aggregate obligation of Rs. 1,053 million (2017 : Rs. 986 million) on account of vend fee and permit fee based on the guarantees issued against methanol imported and released up to the balance sheet date. However, keeping in view the facts, previous decisions which has been in the favour of the company and on advise of the legal advisor of the Company the management is confident that no such exposure will arise to the Company, therefore, no provision for this has been made in these financial statements.

- 18.1.3 Under the Punjab Excise Act, 1914, Excise Commissioner / Director General, Excise and Taxation Department, Punjab has issued a notification dated June 30, 2003 by which the department has levied fees on the import, possession, industrial use and sale of Methanol. The Company and other manufacturers, importers and vendors of Methanol have filed writ petitions in the Lahore High Court and obtained stay order against these levies. The case is pending adjudication by the Lahore High Court.

- 18.1.4 The Assistant Commissioner inland Revenue of Income Tax (AuditII) has amended the assessment under Section 122 (1) of the Income Tax Ordinance, 2001 for the tax year 2008. Whereby, further tax of Rs. 7,520,068 was determined to be payable by the Company. Being aggrieved, the Company filed an appeal before the Commissioner Inland Revenue (Appeals-I), which was decided in favour of the Company. Consequently, the Department has filed appeal against the order of the Commissioner Inland Revenue (Appeals-I), Islamabad, which is still pending. The Company is confident that the case will be decided in its favor and therefore, no provision for any liability has been made in these financial statements.

Notes to the Financial Statements

for the year ended June 30, 2018

29.2 The Company has not disclosed the fair value for these financial assets and financial liabilities, as these are either short term in nature or reprised periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

29.3 The Company has exposure to the credit risk, market risk and liquidity risk from its use of financial instruments.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee of the Company oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

29.4 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from trade debts, advances to employees, other receivables, short term investments and bank balances. The carrying amount of financial assets represents the maximum credit exposure.

The credit quality of the Company's financial assets have been assessed below by reference to external credit rating of counterparties determined by the Pakistan Credit Rating Agency Limited (PACRA). The counterparties for which external credit ratings were not available have been assessed by reference to internal credit ratings determined based on their historical information for any default in meeting obligations. The Company's credit risk exposures and its credit quality are categorized under the following headings:

Based on past experience, the management believes that no further impairment allowance is necessary in respect of carrying amount of trade debts.

The allowance account in respect of trade debts is used to record impairment losses unless the Company is satisfied that no recovery of the amount owing is possible; at that point the amount considered irrecoverable is written off against the financial asset directly.

29.5 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company uses different methods which assists it in monitoring cash flow requirements and optimizing its cash return on investments. Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses for a reasonable period, including the servicing of financial obligation; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters. In addition, the Company maintain lines of credit as mentioned in note 13 to the financial statements.

The following are the contractual maturities of financial liabilities, including expected interest payments and excluding the impact of netting agreements:

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier or at significantly different amounts.

The contractual cash flow relating to long and short term borrowings have been determined on the basis of expected mark up rates. The mark-up rates have been disclosed in notes 13 and 17 to the financial statements.

29.6 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Company incurs financial liabilities to manage its market risk. All such activities are carried out with the approval of the Board. Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

29.6.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions of receivables and payables that exist due to transactions in foreign currencies.

The Company is not exposed to currency risk.

Notes to the Financial Statements

for the year ended June 30, 2018

29.6.2 Interest rate risk

The interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposure arises from short term borrowings, long term borrowings and short term investments. At the reporting date the interest rate risk profile of the Company's interest bearing financial instruments is:

	2018 %	2017 %	2018 Rupees	2017 Rupees
Fixed rate instrument				
- Financial assets				
Short-term investment - TDRs	Refer note 9	Refer note 9	2,679,516	2,690,788
Variable rate instrument				
- Financial liabilities				
Long term financing	Refer note 13	Refer note 13	82,285,714	-
Current portion of long term financing	Refer note 13	Refer note 13	13,714,286	-
Short-term borrowings - secured	Refer note 17	Refer note 17	216,372,478	217,968,436

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates would have increased / decreased profit or loss by Rs. 985,606 (2017: Rs. 1,017,664).

29.6.3 Price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Company is not exposed to price risk.

Notes to the Financial Statements

for the year ended June 30, 2018

29.6.4 Fair values

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Determination of fair values

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and / or disclosure purposes based on the following methods:

Non-derivative financial assets

The fair value of non-derivative financial assets is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date.

Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

However the fair value approximates to their carrying values.

50,000	80,000	مجموعی ریزرو (reserve) میں منتقلی
142,666	182,435	غیر مختص شدہ منافع

مجموعی آمدنی فی شیئر

برائے سال ختمہ 30 جون 2018 فی شیئر آمدن 19.34 روپے جبکہ گزشتہ سال فی شیئر آمدن 14.57 روپے تھی۔

بعد کے تصرفات

ڈائریکٹرز کی جانب سے 30 جون 2018 کو ختم ہونے والے سال کے لئے مندرجہ ذیل تصرفات کی سفارش منظوری دی گئی ہے۔ جن کی تفصیل کمپنی کے بعد میں آنے والے مالی گوشواروں میں دی جائے گی۔

(i) ڈیویڈنڈ

ڈائریکٹرز کی جانب سے نقد ڈیویڈنڈ @ 5 روپے فی شیئر (یعنی 50 فیصد) کی سفارش کی ہے۔ جو کہ آئندہ ہونے والے سالانہ اجلاس عام میں شیئر ہولڈرز کی منظوری سے مشروط ہے۔

(ii) عمومی ذخائر

ڈائریکٹرز نے مختص شدہ منافع میں سے 130 ملین روپے کی مجموعی ذخائر میں منتقلی کی بھی تجویز منظوری دی ہے۔

مستقبل پر ایک نظر (2018-19)

کمپنی ایک انتہائی مسابقتی صنعت ہے، جو بہت زیادہ صلاحیت کی حامل ہے، موجودہ مارکیٹ میں بہت زیادہ مقابلے اور نئی کمپنیوں کی آمد کے باعث کمپنی کے ان پٹ اخراجات میں مسلسل اضافہ، روپے کی قدر میں کمی اور روز افزاں بڑھتی مہنگائی کی وجہ سے کمپنی کے مارجنز پر دباؤ متوقع ہے۔ تاہم مینجمنٹ ان چیلنجوں سے نمبر ڈال رہا ہونے کے لئے تمام ممکنہ اقدامات کر رہی ہے۔ اور سال 2018-19 میں ترقی کی رفتار کو برقرار رکھتے ہوئے پُر امید ہے۔

نیفا فارمیڈی ہائیڈ پلانٹ جو کہ سالانہ 50,000 میٹرک ٹن پیداواری صلاحیت رکھتا ہے کامیابی سے نصب کیا جا چکا ہے۔ اور دوران اکتوبر 2018 کمرشل پیداوار کا آغاز متوقع ہے۔ دوران سال یوریا فارمیڈی ہائیڈ مولڈنگ کمپائونڈ کی پیداواری صلاحیت میں 4,800 تا 7,000 میٹرک ٹن پیداوار میں پہلے ہی اضافہ ہو چکا ہے۔ توقع ہے کہ UPMC اور فارمیڈی ہائیڈ پلانٹ کی اس اضافی پیداوار سے کمپنی مزید آمدنی منافع حاصل کر سکے گی۔

اندرونی مالیاتی کنٹرول

کمپنی ایک قابل اعتماد اور شفاف مالیاتی رپورٹنگ اور اس کی تشہیر کو یقینی بنانے کے لئے اندرونی کنٹرول اور اس کے طریقہ کار کا ایک نظام برقرار رکھتی ہے۔ اندرونی مالیاتی کنٹرول کا معیاری (وقفہ وقفہ سے) بنیادوں پر جائزہ لیا جاتا ہے تاکہ تصدیق کی جاسکے کہ آیا یہ مؤثر ہے ان کو تبدیلی کے قوانین اور قواعد و ضوابط کے تحت تبدیل کیا گیا ہے۔ اندرونی آڈٹ ڈیپارٹمنٹ اندرونی کنٹرولز پر عملدرآمد کی نگرانی کرتا ہے۔ اندرونی اور بیرونی آڈیٹرز کے ساتھ بات چیت کے ذریعے اس بات کی تصدیق ہوتی ہے کہ کمپنی کی جانب سے مناسب کنٹرولز لاگو کئے گئے ہیں۔

درپیش خطرات اور غیر یقینی صورتحال

اس حقیقت کے باوجود کہ گزشتہ دو سالوں کے دوران کمپنی کی مالی کارکردگی مسلسل غیر معمولی طور پر اچھی تھی، اب بھی کمپنی چند فطری منفی خطرات اور غیر یقینی صورتحال جیسے مقابلہ، وینڈ اور پرمٹ فیس کیس پر سپریم کورٹ آف پاکستان کا ناموافق فیصلہ، ایچ بی سی ریٹ میں اتار چڑھاؤ، منفی شرح سود، متضاد حکومتی قواعد، ٹیکسز (Taxes)، پالیسیاں وغیرہ کمپنی کے مستقبل کے مالی گوشواروں پر اثر انداز ہو سکتے ہیں۔

انتظامیہ معیاری بنیادوں پر کاروبار کو لاحق بڑے مالیاتی اور آپریٹنگ خطرات کا جائزہ لیتی ہے۔ بیان کئے گئے خطرات کے ممکنہ اثرات کو کم کرنے کے لئے کمپنی اندرونی اور بیرونی حصول داروں کے ساتھ کام کرتی ہے۔

متعلقہ جماعت کے ساتھ لین دین

متعلقہ جماعتوں کے ساتھ تمام لین دین عمومی کاروباری نوعیت غیر متعلقہ بنیاد پر کی گئیں جسے مالیاتی گوشواروں پر متعلقہ نوٹ میں ظاہر کیا گیا ہے۔
